

## **HEALTH CARE SPECIALIST/ RN**

Tired of the rat race of hospital nursing, mandatory overtime, and working on weekends? An immediate opening exists for an RN at the Potomac Center with a set schedule. Responsibilities include nursing assessments and optimum care to individuals in a residential setting. Minimum of 2 years' experience in assisted living, long-term care, or home care preferred. Must possess excellent computer, oral, and written communication skills; well-organized, confident decision maker and trustworthy.

Potomac Center is a well-established organization that places a premium on quality of services to individuals with developmental disabilities offering a competitive salary and excellent benefits.
